All privacy screen panels meet or exceed the minimum flame resistance requirements established by the California State Fire Marshall for products identified in section 1311, California Health & Safety Code.

## A. STANDARD PRIVACY SCREEN

*We offer 3-panel privacy screens with white and colored vinyl panels.*

All vinyl panels are flame-retardant and easily cleaned. The frame is constructed from heavy-duty 1" tubular steel and powder coated in a brilliant white finish. The panels are hung with aluminum rods and convenient plastic clips for easy installation. Each unit comes standard with 2" twin-wheel hooded casters (2 locking) for convenient portability. This frame is 69" high with each panel measuring 27"W x 55"H and is 17.5" from the floor to the bottom of the screen.

## B. TELESCOPING PRIVACY SCREEN

*We offer telescoping privacy screens with white and colored curtain options.*

The aluminum rod-hung curtain will expand 90" from the wall or will push back to an out-of-the-way 50". Additionally, it can be rotated to lie flat against the wall when not in use. The flame-retardant vinyl curtain is 72" high and is easily cleaned. Each unit comes complete with wall bracket (mounting hardware included), telescoping rod, flame-retardant curtain and curtain hooks.
